Uvira, DRC

Dear Orphan Sponsors and Supporters,

November 2014

We pass our greetings in the name of our Lord and Savior Jesus Christ. We are very grateful to get this opportunity to write a pastoral report about the activities and programs taking place Congo For Christ Center (CCC) Orphanage in Uvira.

First of all, we are very grateful for the love and support you have shown to these precious children in Congo. Your support for these children has facilitated the administration to provide quality education, health care, clothing, care and food for these precious children at CCC. We believe that through your support we will be able to bring up future and responsible leaders with Christian values to lead our beloved Congo nation.

CCC orphans and future DRC leaders

We thank God because our children have grown spiritually since they entered CCC in 2012. Surely, it is something that is encouraging us to see how they are growing spiritually and physically on the daily basis. When they joined CCC, majority of them did not believe in Christ as their savior and among them we had children from Muslim families. But by now we have experienced a lot of changes spiritually because among them we have good preachers who even stand in front of congregation and spread the true gospel of the Lord and by now they all believe in Christ as their personal savior and these includes even those from the Muslim families. Before the children were naïve to speak about the word of God. Now we are proud to say that all the children at CCC know the of the word of God and are eager to share the Word and they have the urge and desire to hear and learn more about the word of God.

The orphans engage themselves in different programs and activities which includes; singing in the center choir, praise and worship team, intercessory team, soccer team, dance team, they help in the farm, help in cleaning of the compound, we have study program and also they help the center plumber in fixing water pipeline in case of any damage.

We thank God for what you are doing for these precious children at CCC. These children have seen the love of God through your support to them. They do not take it for granted because their past was not good but now they are hopeful for a bright future due to your support. The children were very happy to receive letters from their sponsors and they are always blessed to receive some of their sponsors and teams from U.S.A. each year at CCC.

In our community many vulnerable people were affected by the war, HIV/AIDS and other disasters and these led kids to become orphans due to these problems. Our vision is to go further assisting the children as much as we can because the community we are serving many kids of such kind. We are praying for you each day and keep on supporting these precious leaders of our nation and our Lord will reward you in His own ways.

Be blessed.
